# Southern Company Transmission
# Completed Transmission Planning Studies

The following is a list of completed Long-Term Transmission Planning Studies. Completed studies remain posted for five years from the date posted.

To request a copy of a study report, send your request to: Transmission Service (TransService@southernco.com)
Base case model files are available at the following site: Southern Company Transmission's Customer Portal
To request specific study model files, send your request to: Transmission Service (TransService@southernco.com)

NOTE: Certain study reports, all study models, and base cases are classified as Critical Energy Infrastructure Information ("CEII"). Therefore requestors will be required to have completed the CEII access procedures before any unredacted CEII study report or any study model file request will be fulfilled. Information about the CEII access procedures can be found in the Critical Energy Infrastructure Information folder on Southern Companies' OASIS website at:

https://www.oasis.oati.com/SOCO

| Study Completed | Study Title | Study Description | CEII? |
|---|---|---|---|
