May 2017

<u>Year-End</u>	<u>Projected \$/MW per</u> <u>Month</u>
2017	1,555
2018	1,617
2019	1,682
2020	1,749
2021	1,819

The provision of this 5-year estimate associated with the OATT formula rate is by customer request only and is not binding in any way with regard to amounts to be billed under the OATT formula rate and its associated protocols and rate principles. The estimates are based on forward-looking information available at the time of preparation and include many assumptions and uncertainties. As such actual amounts billed under the OATT formula rate may differ materially from these estimates.
