Notice of Meeting Information and Discussion Process on Hydro-Québec's Transmission System Planning

As part of the information and discussion process on transmission system planning, as prescribed in Attachment K of Hydro-Québec's Open Access Transmission Tariff, interested parties are invited to the following meeting.

Date: November 4, 2016

Location: Hydro-Québec
75, boul. René-Lévesque Ouest
Mezzanine (Amphitheatre)
Montréal, Québec H2Z 1A4
Canada

Time: 9 a.m. to 12 p.m.

Content: The Transmission Provider will first follow up on the reflections begun at April 22 meeting with a view to improving the information and discussion process on transmission system planning. The meeting will then focus on presenting solutions in the context of the presentation on the Montmagny and Gaspésie regional system. Finally, the Transmission Provider will present an update on the plan to develop the transmission system on the island of Montréal and will review transmission system interconnections. Interested parties may then engage in discussions with the Transmission Provider on these issues with a view to finding solutions that are compatible with optimal development of the transmission system.

Cost: No refunds will be issued for meeting-related expenses.

Intended audience: The Transmission Provider's current and potential customers and participants in neighboring electricity markets. Open also to public interest groups such as consumer associations and environmental groups.

Registration: Anyone who would like to participate in this meeting must register prior to November 1, 2016, at the following e-mail address:
hqtcommercialisation@hydro.qc.ca.

Title to enter in the subject line: Registration – Planning

Please provide the following information: Participant's first and last names
Job title
Name of company or organization
E-mail

Important: Registered participants will receive the presentations a few days in advance on condition of first signing the confidentiality agreement.

Information: hqtcommercialisation@hydro.qc.ca
