**Public Service Company of Colorado
Balancing Authority and Transmission Provider
Change to Network Resource Designation**

* Network Resource Name: _____

* State how this DNR change meets the requirements of OATT sections 30.1 and 30.7.

Comments: _____

The customer attests to meeting all of the requirements within Section 30.2 of the Xcel Energy Joint OATT permitting redesignation of the network resource(s) identified above at the conclusion of the temporarily termination period. Upon the return date to DNR status, attests to:

1) The Network Customer owns the resource, has committed to purchase generation pursuant to an executed contract, or has committed to purchase generation where execution of a contract is contingent upon the availability of transmission service under the OATT; and

2) The Network Resources does not include any resources, or any portion thereof, that are committed for sale to non-designated third party load or otherwise cannot be called upon to meet the Customer's Network Load on a non-interruptible basis.

* Name: _____ * Title: _____

* Signature: _____ * Date: _____

* This form must be signed by an authorized officer from or agent of the Network Customer. Evidence must be included if signed by an agent stating that an authorized officer granted authority to the agent.
