

Effective Scheduling Day Friday November 10, 2017 00:00 MST

All e-Tags utilizing Tri-State (TSGT) Network Service Reservations will be DENIED if any portion of the e-Tag is inconsistent with the information found in the Customers NITS Application, located in NITS on OASIS.

The information mentioned above includes but is not limited to:

- **DNR List – Source, Resource, POR, Title Area**
- **NITS Load –Sink, POD, Load Area**

Applicable definitions found in NAESB WEQ Business Practice Standards – Version 003.1

- **POINT OF RECEIPT** = Identifies the POR on the Transmission Providers system for delivering energy from the DNR to Network Load (WEQ-002 -101.3.3.10).
- **SOURCE** = Identifies the source point to be used in scheduling deliveries from the DNR. Transmission Provider may require use of a specific SOURCE in association with the DNR (WEQ-002 -101.3.3.10).
- **POINT OF DELIVERY** = Identifies the POD on the Transmission Provider’s transmission system that will be used to schedule deliveries to the Network Load. The Transmission Provider may require use of a specific POD dependent on the nature of Network Load (WEQ-002 -101.3.3.4).
- **SINK** = Optional name of the SINK to be associated with the Network Load and used to schedule deliveries to the Network Load. Transmission Provider may require use of a specific SINK dependent on the nature of Network Load for loads directly connected to the Provider’s system (WEQ-002 -101.3.3.4).

Please refer to the North American Energy Standards Board (NAESB) Standards – Version 003.1 for more information.

NITS REQUESTS will only be evaluated by the Tri-State OASIS/OATT Administrator. NITS REQUEST Submissions will only be evaluated during Tri-State Transmission Operations business hours; Monday through Friday 7:00am MPT through 4:00pm MPT. All NITS REQUEST Submissions must be in compliance with the Tri-State OATT. Per the Tri-State OATT, NITS REQUESTS submitted less than 60 days in advance of the commencement date will only be accommodated whenever feasible.

Please contact Shannon Gilmore (Tri-State OASIS/OATT Administrator) at 303-254-3576 with all questions.
