

OATT Revision 21-01 (Order 845)

LGIP and LGIA Revisions Made After May 24 Customer Meeting

The following changes have been made since the 5/13/2021 posted versions of the LGIP and LGIA redlines, and do not include minor revisions such as addition or removal of spaces between sentences, removal of extraneous carriage returns, etc.

- LGIP Section 1 and LGIA Article 1 – Definition of “Stand Alone Network Upgrades”
 - Modified the timeline in the last sentence of the *pro forma* revisions to state “fifteen (15) Calendar ~~d~~Days”
- LGIP Sections 3.5.3 and 3.5.4(ii)
 - Revised the previously modified *pro forma* 30-day deadlines in these new provisions to specify “thirty (30) Calendar ~~d~~Days”
- LGIP Section 4.4.6.1(a)
 - Modified two instances of “LGIP” to state “this LGIP”
- LGIP Section 7.3
 - Modified the new *pro forma* language so the term “System Impact Study” is now stated as “Interconnection System Impact Study”
- LGIP Section 13.5.5
 - Revised the timeline in the fourth sentence to specify “thirty (30) Calendar ~~d~~Days”
- LGIA Article 5.9.2
 - Removed an erroneous comma from the fourth sentence of this new *pro forma* article, as follows: “Where available studies indicate that such~~y~~ Interconnection Facilities, Network Upgrades, Distribution Upgrades, . . .”
