Re: Western Area Power Administration
OATT eTariff Technical Corrections

Dear Secretary Bose:

The Western Area Power Administration (Western) hereby submits revisions to its Open Access Transmission Tariff (OATT). The purpose of this filing is to correct formatting and technical errors in the eTariff metadata in Western's OATT which appear in FERC's eTariff viewer. Western has made no substantive revisions to Western's OATT in this filing.

Due to the simple technical nature of this filing, Western respectfully requests that the Federal Energy Regulatory Commission accept the instant filing and grant an effective date of September 13, 2012.

Respectfully submitted,

/s/

Ronald J. Klinefelter
Attorney
Office of General Counsel
Western Area Power Administration
