July 14, 2014: Pursuant to Section 206 of the Federal Power Act, the Federal Energy Regulatory Commission's ("FERC") order issued in South Carolina Electric & Gas Co., 147 FERC 61,126 (2014) ("May 15 Order"), South Carolina Electric & Gas Company ("SCE&G") has electronically submitted a compliance filing to reflect changes to Attachment K of the SCE&G FERC Electric Tariff ("SCE&G OATT") in compliance with the May 15 Order. A revised Attachment K was included with this filing in both clean and redline formats. In compliance with the May 15 Order, SCE&G requests to reestablish the originally proposed effective date of April 19, 2013. The filing can be found in the pending filing folder.

July 17, 2014: Pursuant to Section 206 of the Federal Power Act, the Federal Energy Regulatory Commission's ("FERC") order issued in South Carolina Electric & Gas Co., 147 FERC 61,126 (2014) ("May 15 Order"), South Carolina Electric & Gas Company ("SCE&G") has electronically submitted a compliance filing to reflect changes to Attachment K of the SCE&G FERC Electric Tariff ("SCE&G OATT") in compliance with the May 15 Order. A revised Attachment K was included with this filing in both clean and redline formats. In compliance with the May 15 Order, SCE&G requests to reestablish the originally proposed effective date of April 19, 2013. SCE&G originally submitted this filing on the required date of July 14, 2014, but it was inadvertently misdirected to a new docket. On July 16, 2014, SCE&G submitted a request to withdraw the July 14 filing, with the intent to then re-submit the compliance filing to be placed in the correct docket. The filing can be found in the pending filings folder.

July 31, 2014: Pursuant to Section 206 of the Federal Power Act ("FPA"), Part 35 of the Federal Energy Regulatory Commission's ("Commission") Regulations, and Order No. 792, South Carolina Electric & Gas Company ("SCE&G") has filed an amendment to Attachment N of its Open Access Transmission Tariff ("OATT") to modify its Small Generator Interconnection Procedures ("SGIP") and Small Generator Interconnection Agreement ("SGIA"). This filing incorporates all of the pro forma changes to the SGIP and SGIA as established by the Commission in Order No. 792, without modification. The filing can be found in the pending filings folder.

October 6, 2014: Pursuant to Section 206 of the Federal Power Act ("FPA"), Part 35 of the Federal Energy Regulatory Commission's ("Commission") Regulations, and Order No. 792, South Carolina Electric & Gas Company ("SCE&G") has filed an amendment to Attachment N of its Open Access Transmission Tariff ("OATT") to modify its Small Generator Interconnection Procedures ("SGIP"). This filing incorporates omissions and typographical corrections identified in an Errata Notice issued by the FERC on September 19, 2014. The filing can be found in the pending filings folder.

November 25, 2014: Pursuant to Section 205 of the Federal Power Act and Part 35 of the regulations of the Federal Energy Regulatory Commission (the "Commission"), South Carolina Electric & Gas Company ("SCE&G") submits for filing proposed amendments to Section 4 of its open access transmission tariff ("OATT") in compliance with the Commission's directives in Order No. 676-H. The filing can be found in the pending filings folder.

If you plan to participate in the conference call, please respond, no later than 5:00 p.m. EST on June 5, 2015, to Matt Hammond at mhammond@scana.com or Paola Portman at pportman@scana.com to receive conference call access code.

May 15, 2015: Pursuant to SCE&G's Formula Rate Implementation Protocols, SCE&G (i) recalculated its Annual Transmission Revenue Requirement and prepared a corresponding Annual Update, (ii) posted the Annual Update on its OASIS site, and (iii) submitted the Annual Update to the FERC on an informational basis. The Annual Update materials can be viewed here on OASIS in the OATT Formula Rate Annual Update folder.

May 28, 2015: South Carolina Electric & Gas Company ("SCE&G") has electronically submitted to the Federal Energy Regulatory Commission ("Commission") non-substantive, ministerial revisions to correct certain sections of the electronic version of SCE&G's Open Access Transmission Tariff ("OATT") as maintained in the Commission's eTariff system. In addition, SCE&G also proposes ministerial revisions to the contact information and signature block listed in Attachments F and G of the actual preexisting content of its Commission-approved OATT. The filing can be found in the pending filing folder.

June 10, 2015: Pursuant to Section 206 of the Federal Power Act and the Federal Energy Regulatory Commission's order in PacifiCorp, et al., 151 FERC Paragraph 61,147 (2015) (the "May 18th Order"), South Carolina Electric & Gas Company submits for filing amendments to Section 4 of its open access transmission tariff in compliance with the May 18th Order. The filing can be found in the pending filing folder.

July 6, 2015: Pursuant to Section 205 and 206 of the Federal Power Act, the Federal Energy Regulatory Commission's ("FERC") order issued in South Carolina Electric & Gas Company, 151 FERC Paragraph 61,197 (2015) ("June 3 Order"), South Carolina Electric & Gas Company ("SCE&G") has electronically submitted a compliance filing to reflect changes to Attachment K of the SCE&G Open Access Transmission Tariff ("OATT") in compliance with the June 3 Order. The filing can be found in the pending filing folder.

February 24, 2016: South Carolina Electric & Gas Company ("SCE&G"), pursuant to Section 205(c) of the Federal Power Act, 16 U.S.C. Section 824d(c), the regulations thereunder of the Federal Energy Regulatory Commission ("FERC" or "Commission"), 18 C.F.R. Part 35, and the FERC approved Formula Rate Implementation Protocols that govern procedures relating to SCE&G's formula rate for electric transmission
service ("Protocols"), hereby submits for filing a study prepared in 2015 by SCE&G's consultants Gannett Fleming Valuation and Rate Consultants, LLC ("Gannett Fleming") identifying the appropriate depreciation rates that should be applied to SCE&G's electric and common plant as of December 31, 2014 ("2015 Depreciation Study"). The filing can be found in the pending filings folder.

**February 24, 2016:** Current and potential network customers: The new OATI WebSmart OASIS system, including the new Network Integration Transmission Service (NITS) module, is available for testing on SCE&G's DEMO OASIS site found here: demo.oasis.oati.com or at https://demo.oasis.oati.com/sceg/index.html. Additional information about the new NITS functionality will be communicated in the near future.

**March 4, 2016:** SCE&G NITS on OASIS Implementation Plan has been posted under the Informational Postings folder.

**March 17, 2016:** SCE&G has made an update to the NITS on OASIS Implementation Plan posted under the Informational Postings folder.

**April 20, 2016:** SCE&G has made an update to the NITS on OASIS Implementation Plan posted under the Informational Postings folder.

**April 25, 2016:** Pursuant to Section 205 of the Federal Power Act ("FPA") and Section 35.13 of the Regulations of the Federal Energy Regulatory Commission ("Commission"), and in accordance with informal communications with the Commission Staff, South Carolina Electric & Gas Company ("SCE&G") submitted for filing a tariff record ("Tariff Record") pursuant to the Commission's Order No. 714 and its procedures regarding submittals via its eTariff system. SCE&G respectfully requested that the Commission accept the submittal to become effective as of June 1, 2016. The filing consisted of a transmittal letter and the accompanying Tariff Record, which is a revised version of Attachment H of SCE&G's Open Access Transmission Tariff ("OATT") containing new depreciation rates that are proposed to supplant Attachment H's existing depreciation rates and to be reflected in the calculation of transmission rates under the transmission rate formula that also is included in Attachment H. SCE&G also included a marked version of Attachment H's depreciation rate schedule, showing changes from the currently effective version. The filing and the accompanying documents can be found in the pending filings folder.

**April 26, 2016:** Attention SCE&G Network Customers: NITS on OASIS "How-To" videos are available on our OASIS site via the on-line help tool on OASIS. The videos will step you through the necessary screens and inputs you will need to use to setup your NITS application on OASIS using the new templates. We will be reviewing these screens and discussing SCE&G's business practices with regard to these new templates in the training session we are hosting on May 24th. It will be beneficial if you have watched and understand these videos prior to attending the training session. The videos can be found here: SCE&G's OASIS Home Page or at https://www.oasis.oati.com/sceg/. Click on "Production Node Login". **April 26, 2016:** As part of the transition and implementation of NITS on OASIS, the new OASIS platform that Transmission Customers will utilize for Network Integration Transmission Service (NITS), SCE&G will be hosting a training session on NITS on OASIS at its Campus on Tuesday, May 24, 2016. Parties interested in attending this event should contact Matt Hammond at mhammond@scana.com by Thursday, May 19, 2016. Additional information on the SCE&G NITS on OASIS Implementation Plan can also be found under the Informational Postings folder.

**May 6, 2016:** Attention SCE&G Network Customers: In order to begin using the NITS on OASIS functionality, three sets of permission must be enabled on the OASIS webSmart system. They are:
• Doing Business As - This allows OATI to set permissions for an entire entity. This permission can only be viewed and edited by OATI.

• Company - This allows a TC Admin to enable/disable permissions for an entire entity. Disabling/enabling this permission for each user in that entity regardless of their individual settings.

• User - This permission allows a TC Admin user to enable/disable permission for each user individually.

Within both the Company and User settings, the following permissions must also be enabled:

• Write NITS Application - This permission controls a user’s ability to create and modify NITS Application, NITS Service, NITS Customer, and NITS Agent Requests.

• Write NITS Model - This permission controls a user's ability to create and modify NITS Resource, Generator, and Load Requests.

• Write NITS Services- This permission controls a user's ability to create and modify NITS DNRs, Secondary Requests, and Ancillary Requests.

NITS on OASIS "How-To" videos are available on our OASIS site via the on-line help tool on OASIS.
